RE: Medley Farm Superfund Site, Gaffney, South Carolina  
Approval of RMT's Responses to EPA Comments on  
Initial Remedial Design (RD) Documents

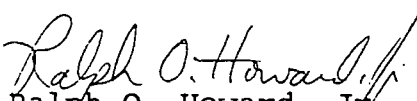

Dear Ms. Norville:

This letter will serve to confirm that RMT has satisfactorily addressed the Agency's concerns regarding the initial RD documents: the Technical Memorandum on Treatability Studies, Field Sampling and Analysis Plan, Quality Assurance Project Plan, and the Health and Safety Plan. EPA's comments accompanied a letter dated April 23, 1992, which conditionally approved these plans and directed that work begin on the RD Work Plan. RMT's responses to the comments were transmitted to EPA in a letter dated May 27, 1992.

According to recent conversations with Steve Webb of RMT, the RD Work Plan will be submitted on June 23, 1992.

If there are any questions, please call me at (404) 347-7791.

Sincerely,

  
Ralph O. Howard, Jr.  
Remedial Project Manager
